

Erratum

On page 16, Figure 2: read “40” instead of 10 on the vertical axis.

On page 23, Figure 7: the labels of the bars are incorrect. The orange part represents “Other operating costs”, the light-blue part represents “Labour costs” and the dark-blue represents “Investments”.

On page 31, Figure 17: the labels of the bars are incorrect. The orange bar represents the number of workers in “Related activities” and not “Corporation tax, other moneys, Brent spot price (6-month lag)”. The blue bar represents the number of workers in “Gas Exploration and Production” and not “EBN net profit”. The source for this figure is CBS.

On page 65, Figure 29: the orange line represents the Gas Hub scenario. The blue line represents the Base Case scenario.
