

President, Mr. Martin Schulz

The Hague, 24 November 2015

Your Excellency,

It is with great pleasure we can announce the calendar of the six interparliamentary conferences and meetings which will be organised by the Senate and House of Representatives of the States-General of the Netherlands in the first half of 2016.

Five interparliamentary meetings will be organised at the premises of our parliament in the Hall of Knights in The Hague. The Interparliamentary Conference on Stability, Coordination and Governance in the European Union, co-organised with the European Parliament, will take place in Brussels.

The invitations to and programmes of the various meetings will be sent in due time.

As a leading principle for our parliamentary presidency we have chosen the motto: *'working together to increase parliamentary engagement in the EU decision-making process'*. In order to promote a lively debate, fruitful exchange of ideas and sharing of best practices during the conferences, we will stimulate interactivity amongst the participating members of parliament as much as possible. In this way we hope to contribute to closer cooperation between our parliaments in EU decision-making.

Respectfully Yours,

Ankie Broekers-Knol
President of the Senate

Anouchka van Miltenburg
Speaker of the House of Representatives
