### Annex V: List of envisaged repeals

N°	Policy Area	Title	Reasons for repeal
1.	Maritime Affairs and Fisheries	Council Regulation (EC) No 1300/2008 of 18 December 2008 establishing a multi-annual plan for the stock of herring distributed to the west of Scotland and the fisheries exploiting that stock	This Herring plan has become outdated in its reference points and is no longer applied. It can therefore be repealed.
2.	Taxation and Customs	Commission Directive 79/802/EEC of 6 September 1979 on goods entered for inward processing which, if imported for release into free circulation, would benefit from a favourable tariff arrangement by reason of their end-use	The directive is superfluous as goods within the end-use procedure are within the scope of the Common Tariff Regulation, 2658/87 (Annex I) and, in addition, both inward processing and end-use procedures are now regulated by the Union Customs Code (UCC).
3.	Justice and Home Affairs	Joint Action 98/699/JHA on money laundering, the identification, tracing, freezing, seizing and confiscation of instrumentalities and the proceeds from crime	This instrument was replaced in full by Directive 2014/42/EU on the freezing and confiscation of instrumentalities and proceeds of crime for all Member States participating in the Directive (all except Denmark and the UK). Most of its provisions were already replaced by Framework Decision 2001/500/JHA (on money laundering, the identification, tracing, freezing, seizing and confiscation of instrumentalities and the proceeds of crime), which applies also to Denmark and the UK. The remaining provisions are general recommendations with no binding value which now apply only to Denmark and the UK.
