We were pleased to hear from our friends at the Dutch Permanent Mission in Geneva on the suggestion of a dinner between the Prime Minister, Minister Kaag, and Professor Schwab in Geneva this coming November. Professor Schwab very much looks forward to it.

I am pleased to share with you the invitation to Prime Minister Rutte to participate in the Annual Meeting 2021, taking place 26-29 January in Davos under the theme of the <u>Great Reset</u>. The meeting will be held as a unique hybrid summit, allowing for both physical and virtual forms of participation. We do anticipate a much more intimate setting in Davos of only the top global leaders from business and government, but will continue to monitor the situation globally as well as locally to ensure a safe and impactful experience for everyone. We of course very much hope for the physical presence of the Prime Minister in Davos.

I look forward to working with you and the team again in the coming months to build the Prime Minister's agenda, and hope for an early indication so that we can jointly build an impactful programme. At your disposal for any questions.

Best,
